

BEER TANKS

Fermentation and Brite Beer Tanks

The SK company's roots go all the way back to 1967. In the 1980s, SK company started manufacturing Stainless steel equipment, mostly for winemaking. The Škrlić family designed products based on their own winemaking experience. In 1995, the SK company moved to a new and bigger location. The SK company expanded and started manufacturing Stainless steel beer brewing, pharmacy, and food industry equipment. Today, Škrlić d.o.o. is a company with an established international market that specializes in manufacturing winemaking, beer brewing, and process industry equipment. High-quality products, adaptability, and innovation.

FERMENTATION TANKS

Pressure tanks with a cone-shaped bottom and torispherical lid.

Available in two designs: model ZKG - tanks without insulation / model ZKI - tanks with insulation. Tanks are equipped with separate cooling zones which can be individually controlled and entirely insulated. CIP tube and a cleaning head included.

BRITE TANKS

Cylindrical pressure tanks with dished bottom.

Available in two designs: model LTX - tanks without insulation model LTI - tanks with insulation. Tanks are equipped with laser welded heat exchangers (pillow-plate). Separate cooling zones can be individually controlled. CIP tube and a cleaning head included.

SERIES MINI

- Brite beer tanks type LMIX/LMXX
- Fermentation tanks Type ZMIX/ZMXX

**LMIX / ZMIX insulated version - LMXX / ZMXX without insulation*
